

General Data Sheet

Oil BDV Transformer

BDV Series –100K10

Product

Applications and Features

- ❖ Corona resistant design
- ❖ Compact, reliable and measurable
- ❖ Vacuum Epoxy sealed for superior protection
- ❖ Strong and light Aluminum frame
- ❖ Available in 60KV, 80KV and 100KV
- ❖ Complies with BIS standards

Standard Dimensions

Specifications

Primary Input	230V AC, 50Hz, single phase
Duty Cycle	Continuous
Output	50KV-0-50KV AC, 10mA
Insulation Class	Class F (155°C)
Operating Temperature	-25°C to 70°C
Weight (Approx)	14 Kg

HERCO Transformers Limited

Final Plot No 14, Sub Plot No 8, Hadapsar Industrial Estate II, Ramtekdi Industrial Area, Hadapsar, Pune 411028, Office: 91-20-32342324 / 25;
